

Dear Dr. Carol, and Dr. Joe,

March 31, 2000

I can't begin to thank you enough for the help and understanding you extended to us in our time of need. Your Learning Center was our savior. When you no longer have faith in the school system for your child's education, you are lost. We had no one to turn to for help, and there by dumb luck, we found you. You have TOTALLY restored the self esteem in my son, C.J. For the longest time (since 3rd Grade) I was told by the school that my son was lazy and that he just was being defiant to do his work. We brought our son here to find out that he is an intelligent young boy, and that he is not lazy. When you have caring, loving people who really love kids and understand them, they excel. My son C.J. was totally depressed, and was being treated by a doctor. Now, he no longer is depressed. I got my happy go lucky son back again, and I owe it all to you and you GREAT staff of teachers. I would highly recommend your facility. Your entire staff treated not only my son, but my entire family as if we were the only clients you had. Again I truly appreciate you and all that you have done for us.

Sincerely,

Sarah L. Keating
