

Carol and Jack:

This is a letter of thanks for all the valuable help that you and the staff have given me. I personally feel very comfortable with Jack's concern and Joel's ideas. I am very appreciative to be able to converse and eat lunch with staff. That is very gratifying.

Staff assistance and availability of resources are superb. Despite the presence of other students, I am still able to learn. (I usually have trouble when people are around). The staff respects me as I respect them. Working with the tutors is similar to a study session with a true friend.

The Total Learning Centers is like a second home to me. The care and concern for the people here, makes me feel like part of the family...

From your all day student,

Eric Wyckoff Hyer
